

The Florida Department of Education announced that the [My Florida Schools portal](#) will launch for families on August 1, 2024. This portal, established by [House Bill 1 \(2023\)](#), aims to connect parents with early learning and education options available in their area that best meet their child’s needs. This portal includes early learning providers, traditional public schools, public charter schools and private school options. This portal will allow every early learning provider and school to customize their profile by identifying the unique programs they offer, helping families choose the best early learning and education option for their child."

"We will be calling on all early learning providers to customize their provider profile in the My Florida Schools portal. This communication will go directly to providers today! Once initial communication is provided to early learning providers, they will receive an email with login information to start customizing their profiles.

The Department will offer webinars over Microsoft Teams to guide early learning provider personnel accordingly. The department-led online webinar schedule for early learning providers is below. Please have early learning provider personnel join through the links provided.

The Early Learning Coalitions should have provided you with this information as they promote this new resource and communicate with providers.
