ABOUT US

Food & Supply Source is a partner to nonprofits, social and human service organizations throughout the United States. Our program is completely free and is all about saving YOU money on food and supply purchases. We serve organizations across the United States daily and our typical customers realize a 10-35% discount on their current spend. Since 1999 we have been the preeminent solution for the human service sector.

Our Services are FREE!

Group Food & Supplies

Leveraging the buying power of our platform, we have negotiated pricing much lower than what an organization can typically access on their own.

Nutritional Resources

Food & Supply Source is a National CACFP association industry partner. Our dedicated team of Registered Dietitians can create USDA & CACFP compliant cycle menus for your organization.

Budget Consulting

Say goodbye to guesswork! Our consultants have decades of experience working with operators in this industry. We can determine a realistic budget for your center, and tailor your cycle menus to fall within this budget.

Concierge Customer Care

We take the heavy lifting out of your distributor relationship, making it easy to manage your overall food & supply purchases.

No Cost, No Contract, No Kidding!
